Palazzoli

TAIS MIGNON series

Watertight cap for inserted plug

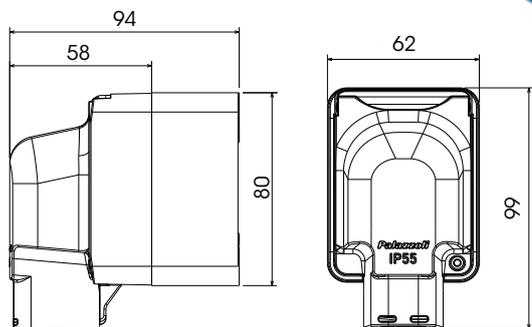

Palazzoli Thermosetting GRP heavy-duty applications

Zero maintenance

Tais Mignon is indestructible thanks to the Palazzoli thermosetting GRP which does not burn, does not age, and does not emit toxic gases.

Can be installed everywhere

The small dimensions make it versatile for installation in minimum spaces, such as work undercounters or small niches.

Customisable

The box is designed to accommodate all the domoTER series outlets such as data sockets, USB, TV, telephone or schuko sockets, etc.

Absolute resistance

IK08 offers excellent resistance to shock and tear. Tais Mignon is watertight **IP55**, even when the plug is inserted and the lid is closed.

Vandal-proof

Self-tapping screws 2.9x13 mm

Designed for the insertion of a **door lock screw** which prevents access to unauthorized personnel.

Range

Wall-mounted outlet-holder box for domoTER domestic sockets with **watertight cap for inserted plug IP55**
